

## Wrinkles in my Ego

"STEP SIX says, "Were entirely ready to have God remove all these defects of character." How to be entirely ready has been quite a puzzler for me. I have to keep in mind that the Step does not say, "I tinkered with my personality till I became perfect." First of all, I am not sure what perfect is; and second, when it comes to ironing out the wrinkles in my ego, I am about as clever as a gorilla repairing a wristwatch.

The first thing I have to keep in mind is that God does the removing, as well as deciding what is to be removed. So many of my difficulties were caused by the misapplication of God-given virtues that if I tried to sort them out, I would very likely throw out much of the wheat with the chaff. But, after twenty years of trying to become entirely ready for God to do His work, I can honestly say it sure is worth the effort.

At one time or another, many of us feel insecure, inadequate, and uncertain. Somehow, we just aren't very enthusiastic about the present. As of today, I am quite sure what not to do for this state of affairs. I used to resort to a form of liquid courage that seemed to be just what I needed.

For me today, the process of becoming ready to have God remove these defects of character starts with being where it is happening-at meetings! If we ask for God's guidance and go about our business as though we were going to get it--we will. I also believe that we should be active in seeking God's help and passive in accepting His guidance.

Perhaps, one of the next things to remember is that, since I have been mixed-up for several decades, it would not be realistic for me to expect to come up smelling like Albert Schweitzer overnight. "Though the mills of God grind slowly, yet they grind exceeding small." I have to tell myself: Stay sober and wait.

It is very difficult to steer a parked car and make much progress toward any destination. I try to get moving by using what I have. When I first came to AA, I was so far gone, I couldn't remember a phone number long enough to dial it, so I had to write it down. I was not stable enough to hold a good job, so I took a mediocre job. In fact, I had five jobs after I sobered up, and each paid less than the previous one. You might say I had a very promising future behind me. The sixth job finally paid off, and I got back to my trade. I had to use what I had. In short, I had to be going somewhere before I could be guided.

These are some of the things I have learned along the way from the people in AA. I have also seen people who have grasped the program hang on in spite of tremendous odds, such as slow death by cancer or sudden loss of loved ones by accident. Whatever the character defects of these people might have been, drinking was not among them. They stuck to the program.

God as I understand Him does not cheat anyone. I don't pretend to know how, when, or where the score is evened up, but I am certain that it always is."

## Tradition 6

*"An A.A. group ought never endorse, finance, or lend the A.A. name to any related facility or outside enterprise, lest problems of money, property, and prestige divert us from our primary purpose."*

The "related facility" may be an outside group combating alcoholism—or an enterprise that A.A.'s want to start. It was the latter that most often confronted the young Fellowship. Outside agencies were pretty scarce in those days, and some members thought A.A. should cover the whole alcoholism field. Led by a "super-promoter" (as the "Twelve and Twelve" describes him), one group built an all-purpose center, including a section for drying-out treatment. Picture any group tackling such a project! Arguments over cost, architecture, staff, fees, medication and rules might even make the local paper. (And pity the poor newcomer straying into the group—"We'll get around to you in a minute.")

Though that ambitious center failed, some individual members have since founded successful clubhouses, rest farms, half-way houses, etc. The enterprises are run by these A.A.'s and patronized by other members or prospective members. But money and property are involved. Therefore, it has proved wise to keep the operation

## THE STEPS & THE TRADITIONS

STEP 6 "Were entirely ready to have God remove all these defects of character."

TRADITION 6: "An AA group ought never endorse, finance, or lend the AA name to any related facility or outside enterprise, lest problems of money, property, and prestige divert us from our primary purpose."

(continued from page 1)

of the facility completely separate from that of any A.A. group, and to keep "A.A." or terms like "Twelfth Step" out of the name.

Toward outside agencies dealing with alcoholism, the A.A. policy is "cooperation but not Affiliation". A group cooperates, for example, by welcoming referrals from clinics or by sponsoring A.A. groups in institutions. But in one area, money for a rehab was solicited at an A.A. meeting—implying affiliation. In another: A.A. was listed among beneficiaries of a United Fund drive...

A.A. members employed by outside agencies "wear two hats"—but Tradition Six cautions any members against wearing both at once! On the job, they may be alcoholism counselors; they are not "A.A. counselors." At meetings they're just A.A.'s not alcoholism experts.

(Reprinted from A.A.W.S. Conference Approved Literature p-43)

## TRADITION 6 CHECKLIST

*"An A.A. group ought never endorse, finance, or lend the A.A. name to any related facility or outside enterprise, lest problems of money, property, and prestige divert us from our primary purpose."*

1. Should my fellow group members and I go out and raise money to endow several A.A. beds in our local hospital?
2. Is it good for a group to lease a small building?
3. Are all the officers and members of our local club for A.A.'s familiar with "Guidelines on Clubs" (which is available free from GSO)?
4. Should the secretary of our group serve on the mayor's advisory committee on alcoholism?
5. Some alcoholics will stay around A.A. only if we have a TV and card room. If this is what is required to carry the message to them, should we have these facilities?

## Report on the 12 Step Workshop on May 1st.

"Our 12 Step Workshop created a heart-felt, purpose-driven enlightenment within many, if not all, who were in attendance. Throughout their sharing of many and diverse experiences, our panel of speakers left us with a deeper sense of appreciation for the gift God has so lovingly entrusted upon us - carrying the message of hope to the next suffering alcoholic. Alongside this attitude of gratitude, also came a greater awareness of each alcoholic's responsibility as a privileged member of Alcoholics Anonymous. All in all, we were given a renewed, reinforced respect and gratefulness for who we are today and for the infinite possibilities/opportunities of our God-given lives so long as we remain sober and know that He is there among us always!"

With Love, Hope & Prayer, Nicola, 12 Step Call list Co-Chairperson

## On The 6th Tradition:

“The sixth of our 12 Points of A.A. Tradition is deemed so important that it states at length the relation of the A.A. movement to money and property.

Too detailed to print here, this Tradition declares in substance that the accumulation of money, property and the unwanted personal authority so often generated by material wealth comprise a cluster of serious hazards against which an A.A. group must ever be on guard.

Tradition 6 also enjoins the group never to go into business nor ever to lend the A.A. name or money credit to any “outside” enterprise, no matter how good. Strongly expressed is the opinion that even clubs should not bear the A.A. name; that they ought to be separately incorporated and managed by those individual A.A.s who need or want clubs enough to financially support them.

We would thus divide the spiritual from the material, confine the A.A. movement to its sole aim and insure (however wealthy as individuals we may become) that A.A. itself shall always remain poor. We dare not risk the distractions of corporate wealth. Years of experience have proven these principles beyond doubt. They have become certainties, absolute verities for us.

Thank God, we A.A.s have never yet been caught in the kind of religious or political disputes which embroil the world of today. But we ought to face the fact that we have often quarreled violently about money, property and the administration thereof.

Money, in quantity, has always been a baleful influence in group life. Let a well meaning donor present an A.A. group with a sizeable sum and we break loose. Nor does trouble abate until that group, as such, somehow disposes of its bank roll. This experience is practically universal. “But,” say our friends, “isn’t this a confession of weakness? Other organizations do a lot of good with money. Why not A.A.?”

Of course, we of A.A. would be the first to say that many a fine enterprise does a lot of good with a lot of money. To these efforts, money is usually primary; it is their life blood. But money is not the life blood of A.A. With us, it is very secondary. Even in small quantities, it is scarcely more than a necessary nuisance, something we wish we could do without entirely. Why is that so?

We explain this easily enough; we don’t need money. The care of our A.A. procedure is “one alcoholic talking to another,” whether that be sitting on a curbstone, in a home, or at a meeting. It’s the message, not the place; it’s the talk, not the alms. That does our work. Just places to meet and talk, that’s about all A.A. needs. Beyond these, a few small offices, a few secretaries at their desks, a few dollars a piece a year, easily met by voluntary contributions. Trivial indeed, our expenses! Nowadays, the A.A. group answers its well wishers saying, “Our expenses are trifling. As good earners, we can easily pay them. As we neither need nor want money, why risk its hazards? We’d rather stay poor. Thanks just the same!”

## Office Manager Report:

April 28th, 2010

Our Intergroup office is current and up to date on all their tax payments, returns, and ad valorem tax exemption reports. I will forward all our documents to an accountant to prepare the #990 Return for 501C3 non-profit corporations within the next few days. Thank goodness for the valuable and valued volunteer staff, in addition to our part time worker, for stepping up and showing up to guarantee that our office is open and our phones are answered.

During the first quarter of 2010 the activity logs show the following:

Total calls and visits during

January:	1,385	12 Step calls:	15
February:	1,102	12 Step calls:	7
March:	1,557	12 Step calls:	16
Quarter total:	4,044	12th Steps	38!!

This is why we unlock the door every morning; this is what A.A. is and what A.A. does; this is why you support us – so we can carry on the same message that we heard when we got here.

Your Intergroup is not self supporting through our own contributions and we must rely on sales to pay the bills. You may find it interesting to know that only one Intergroup in Area 15 (according to my last report) is self supporting through their own contributions! We all must survive by the sale of literature just like our General Service Office in New York.

During the first quarter of 2010 our Intergroup office purchased over \$12,000 in AAWS books alone. To keep our sell price to you as low as possible, we sell other items such as medallions, chips, not conference approved literature, and gift items. This allows us to always have AAWS literature in stock for you. Our Intergroup donated over 100 Big Books during this same 3-month period. We also provided literature and service for several community service requests – one which is out of our area in Lake Worth, because we were asked and it was needed. You will see this figure under the "program expenses" on the financial report in your SCAAN. That figure is \$522.98!! That is our 7th Tradition in action!

This body, the Groups in South Palm Beach County, voted nearly unanimously to carry gift items and not Conference-approved literature over 6 years ago. We continue to offer not Conference-approved literature as long as this literature is identified as such. This was suggested by our GSO of Alcoholics Anonymous in their Service Paper on this very subject.

I've lost a few of our snowbird office volunteers and interviewed several new volunteers this week. We are still in need of help on Saturdays. I have two Saturdays covered each month, but need help the other two Saturdays in order to keep the office open on all weekends. Respectfully submitted in love and service,  
Pam T.
